

# Pistol Mounted Optics Instructor Region III

November 21-22, 2024 ♦ Times vary\*  
Florida Public Safety Institute

## Course Description:

In this two day "Instructor - Level" class each student will walk through how to navigate running a pistol mounted optic on your handgun. Students will understand the advantages and disadvantages of a red dot, how to negotiate obstacles like water/fog/mud, and build confidence in the use of your optic. If you are a Firearms Instructor looking to build an optics program for your department or new to a red dot, this course will give you the tools and resources to confidently carry.
